I run barrels on his mom and ½ brother and was hoping this horse would be given the opportunity to prove himself. Shows a lot of speed.

With blood going back to "Doc Bar" and "Hancock" he is bred to be a horse you can use all day, and he is. Would make a great ranch or rope horse, with his foot speed and athletic ability could be a great team penning or barrel horse.

Comments: Not sound. 7 yr old QH gelding. Quiet, very friendly. 3 months training with Clay Webster. Went to community pasture and came up lame on left front, gave him a rest, had him examined and x-rayed by a good horse vet and nothing showed up. Gave him more rest. He's still got a hitch in his step at a trot but vastly improved this winter. Lopes out well. Unique individual because of his disposition but he's got heart and moves out well under saddle. If you're not a rider, he would make an awesome companion horse as he's super friendly and extra quiet.
